

## GP7000A

### Portable Generators of the GP series

Versatile and dependable portable power

Designed for construction, rental and other demanding applications, these quiet, high-performance, portable generators deliver unmatched tool starting and voltage regulation in a rugged compact package. Excellent for powering single or multiple tools on an entire job site or as emergency or standby power. Ideal for powering high starting amperage tools such as compressors, grinders, fusion welders as well as electric power tools.

### Highlights

- Powered by Honda
- Top Quality Alternator
