The best performance in cutting asphalt and concrete

The Wacker Neuson petrol floor saws are characterised by their first-class cutting performance. All model are up to 20 percent faster than comparable devices, the BFS series offers the highest cutting speed with a quiet operation. This is achieved with the torque transferred to the diamond blade from the engine and the center of gravity lying directly above the material to be cut. All this is accomplished with the lowest operating weight in their class.

Highlights

- High cutting speed
- High tensile strength frame, ball-bearing wheels in combination with a wide wheel base and short axle

Technical information

	Units	BFS735
Mechanical - Output Details		
Cutting depth max.	mm	120
Operating speed Cutting wheel	kg/m2s	2,500
Mechanical Details		
Length direction wheel raised	mm	830
Width	mm	488
Height on Trailer	mm	880
Weight	kg	69
Cutting wheel diameter min.	mm	350
Cutting wheel diameter max.	mm	350
Engine		
Effective power	KW	4.3
Nominal Engine speed	kg/m2s	3,600
Operating Fluids		
Water tank capacity	l	20

The construction equipment warranty terms and policy (Terms) covers all Wacker Neuson products sold by and in the Wacker Neuson Pty Ltd region of Australia and New Zealand. Product Registration is required to activate extended warranty period on eligible machines. Machines not registered within 30 days of purchase will have the Statutory 1 Year/1,000 hours warranty period.

The images, equipment and data shown may differ from the range of products currently available in your country.
Optional equipment may be shown under certain circumstances subject to a surcharge in the price. The right to make any changes is reserved.
