MODERN DESIGN, PROVEN PERFORMANCE

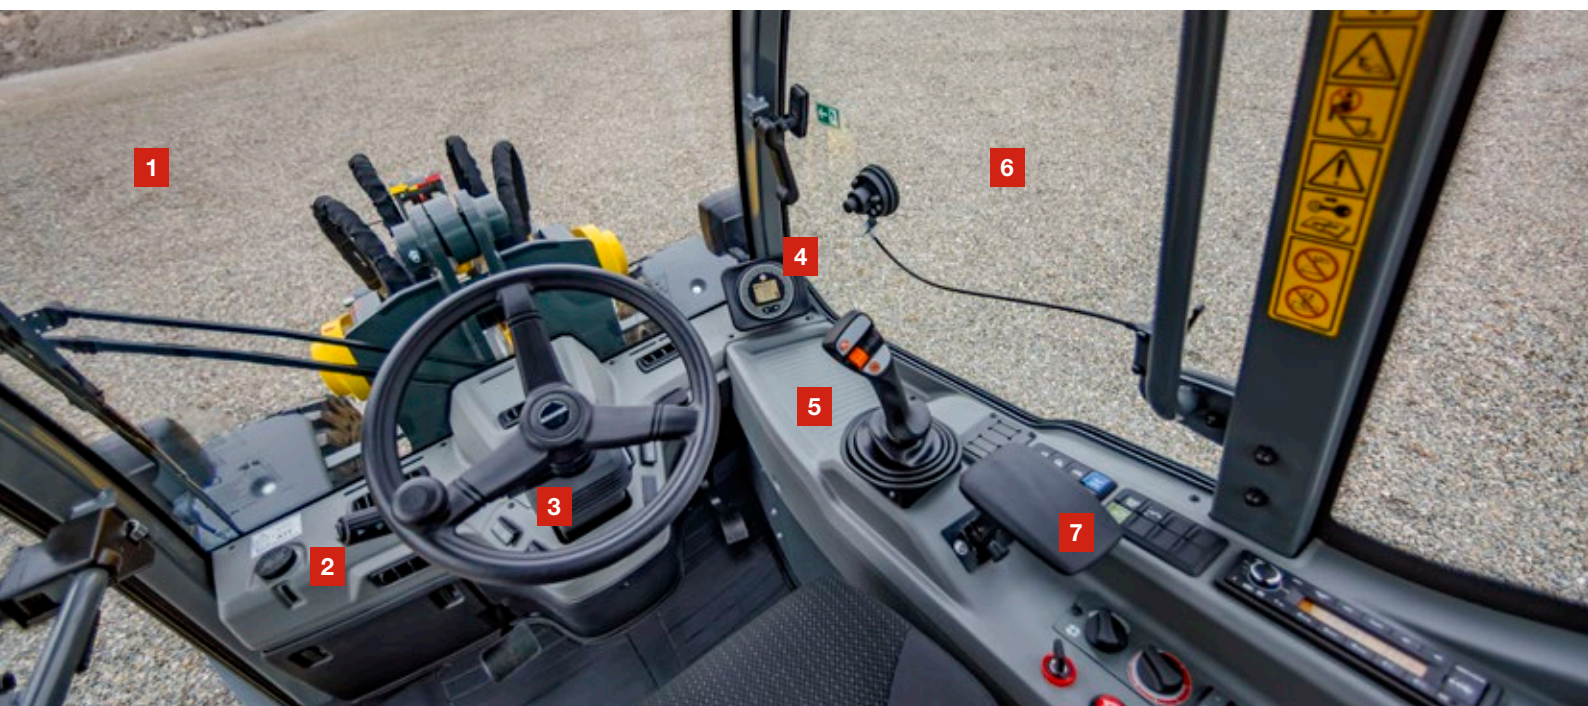

WITH PERFECT VISIBILITY TO ALL SIDES

The facelift of the 5075, 5085 and 5095 models is particularly impressive with its modern cab and flattened bonnet design. Large glass surfaces improve all-round visibility and provide an unrestricted view of the attachment, which contributes to increased safety and efficiency. The spacious driver's cab with adjustable elements such as the armrest and the ergonomic arrangement of the controls ensure fatigue-free working and a high level of driving comfort.

THE ADVANTAGES OF THE FACELIFT AT A GLANCE

- **Generously** dimensioned cab with optimum freedom of movement
- **Maximum** safety thanks to excellent perception of obstacles and people
- **Optimum** view of the working environment and the attachment
- **High** ease of use thanks to clear structuring of the individual operating elements
- **Customised** working comfort through adaptation of individual cabin elements
- **Quick** access to utensils thanks to practical shelves and storage space

CABIN HIGHLIGHTS AT A GLANCE

- 1** LARGE FRONT WINDSCREEN
- 2** DEEP-DRAWN DASHBOARD
- 3** ERGONOMIC ARRANGEMENT OF THE SWITCHES

- 4** FLOATING INFORMATION DISPLAY
- 5** LARGE STORAGE AREA
- 6** LARGE SIDE WINDOW WITH CUT-OUT
- 7** ADJUSTABLE ARMREST

FURTHER HIGHLIGHTS:

- TOOLBOX WITH STORAGE AREA
- DRINKS BOX
- FLATTENED BONNET DESIGN
