

## **PS2 500**

## **Submersible Pump**

These high performance single-phase submersible pumps are ideal for job sites needing fast, dependable, low level water pumping.

Pump can start in low water levels when it is primed through the discharge port. No matter how large or small the job. Wacker Neuson submersible pumps offer the versatility and durability contractors need for light dewatering. Suitable for most outlets, these pumps offer big pump features for small pump investment.

## Highlights

- Top discharge for continuous operation and motor cooling
- Built-in thermal protection prevents motor damage
- Heavy-duty strain relief power cord
- Durable mechanical seals
- Lightweight, compact design
- Built-in thermal protection prevents motor damage
- Durable mechanical seals
