

BOC13 US

BOC series

Fast and reliable

Lithium-ion batteries can be reliably charged using the BOC-series' chargers. The BOC7 standard charger enables easy charging of batteries and provides strong performance. The BOC13 fast-charger is designed for the user who requires short charging times. It enables fast-charging of the battery, which minimizes the wait times and increases productivity. The fast-charger is integrated in a practical transport box.

Highlights

- BatteryOne battery system
- Systainer transport box

Technical Data

■ Electrical - Output Details

Nominal Output Voltage	48.0 V
Output Voltage Range	2.7 - 60.0 V

■ Electrical System

Kind of plug	NEMA 5-15P (Type B)
