

BOC7 US

BOC series

Fast and reliable

Lithium-ion batteries can be reliably charged using the BOC-series' chargers. The BOC7 standard charger enables easy charging of batteries and provides strong performance. The BOC13 fast-charger is designed for the user who requires particularly short charging times. It enables fast-charging of the battery, which minimizes the wait times and increases productivity.

Highlights

- BatteryOne battery system
- Systainer transport box

Technical Data

■ Electrical - Output Details

Nominal Output Voltage	36.0 V
Output Voltage Range	1.8 - 60.0 V

End-of-charge voltage	58.4 V
-----------------------	--------

■ Electrical System

Kind of plug	NEMA 5-15P (Type B)
--------------	---------------------
