

BH40

Gasoline breaker

Extra light breaker for railway construction and demolition

At just 20 kg, the BH40 is lighter than other gasoline breakers and convinces by its comfortable handling and simultaneously excellent performance. In railway construction, it compacts any gravel, regardless whether clean, soiled or iced material. The BH40 even finishes driving through sleeper screws in the span of seconds. With a number of different plug tools, the BH40 is also suitable for the most varied demolition work.

Highlights

- High single stroke impact energy at a low weight
- Hood spring mounting
- Powerful, sturdy percussion system
- Stable, well-balanced handle

Technical Data

Mechanical - Output Details

Percussion Rate	1,650.0 1/min
Singel beat energie	40.0 J

Mechanical Details

Length without tool	843.0 mm
Width without tool	492.0 mm
Depth without tool	318.0 mm
Weight	20.40 kg
Tool holder	Ø 27x80

Engine

Effective power	1.5 kW
Nominal Engine speed	4,150.0 1/min

Operating Fluids

Lubrication intervall	20.0 h
