BH40

Gasoline breaker

Extra light breaker for railway construction and demolition

At just 20 kg, the BH40 is lighter than other gasoline breakers and convinces by its comfortable handling and simultaneously excellent performance. In railway construction, it compacts any gravel, regardless whether clean, soiled or iced material. The BH40 even finishes driving through sleeper screws in the span of seconds. With a number of different plug tools, the BH40 is also suitable for the most varied demolition work.

Highlights

- High single stroke impact energy at a low weight
- Hood spring mounting
- Powerful, sturdy percussion system
- Stable, well-balanced handle

Technical Data

■ Mechanical - Output Details

Number of blows 1,650.0 1/min

Weight 20.40 kg

Singel beat energie 40.0 J

Tool holder Ø 27x80

■ Mechanical Details

Length without tool 843.0 mm

■ Engine

Effective power 1.5 KW

Width without tool 492.0 mm

Nominal Engine speed 4,150.0 1/min

Depth without tool 318.0 mm

■ Operating Fluids

Lubrication intervall 20.0 h
