

WL95

Wheel Loader

Work comfortably and safer

The WL95 wheel loader offers the operator maximum working comfort: a large and comfortable cab, a multi-function joystick and simple hydraulic oil volume adjustment via jog dial. The roominess and overall layout of the cab, as well as the ergonomically arranged operating controls, allow for safer and fatigue-free work. The machine is equipped with the variable hydrostatic transmission ecospeed Pro, which is just as compact and energy-efficient as traditional drive systems, but achieves significantly higher tractive forces and travel speeds. The WL95 accelerates variably and evenly with ecospeed Pro and up to 40 km/h without interruptions in tractive force.

Highlights

- Eco Speed Pro: continuously variable hydrostatic transmission
- 30/40 km/h speed
- Automatic air-conditioning system
- Clear 7-inch digital display
- Joystick console spring-mounted on the operator's seat
