

BOC13

BOC series

Fast and reliable

Lithium-ion batteries can be reliably charged using the BOC-series' chargers. The BOC7 standard charger enables easy charging of batteries and provides strong performance. The BOC13 fast-charger is designed for the user who requires particularly short charging times. It enables fast-charging of the battery, which minimizes the wait times and increases productivity.

Highlights

- BatteryOne battery system
- Systainer transport box

Technical Data

Electrical - Output Details

Nominal Output Voltage 48.0 µg/l

Output Voltage Range 2.7 - 60.0 µg/l

Electrical System

Kind of plug CEE 7/7 (Plug Type EF)
