

ET60

Tracked Conventional Excavator

Productivity in a nutshell

Intuitive operation, using a joystick, the display and the pedal. Modern long-distance runner: The diesel engine with a large volume combines high economic efficiency with maximum performance and is characterized by an exceptionally long service life. Optimal service accesses due to the large engine hood and easily removable covers. Powerful hydraulic engine provides high tractive force and gradeability - even on difficult terrain. The standard dozer blade ensures maximum lift capacity and stability, and the large fuel tank allows for longer working days without the need to refuel.
