PT2A and PT3A Pumps

Self Priming Trash Pumps

**5 years /
5,000 hours
warranty**

Tough trash pumps great for a variety of applications.

PT pumps are ideal for general dewatering of excavations, flooded basements, manholes, utility vaults, mining work, swimming pools, lakes and barge holds or wherever there is unwanted water. With

built-in contractor friendly features, this line of trash pumps has redefined the quality and durability standards of self-priming, centrifugal trash pumps.

Robust and lightweight.

- Housing, front cover and flange-inlet made of lightweight aluminum die casting
- Special surface treatment of the aluminum parts to prevent corrosion
- Impeller made of surface-hardened ductile iron

High quality sealings.

Mechanical sealings made of carbon-ceramic.

Easy and convenient to use.

All PT-pumps are self-priming – only the pump housing has to be filled, not the suction hose.

Repair concept.

Wear plate and shims can be replaced.

PT2/PT3.

Foldable handles and robust wheel kit as accessory

Easy to start brand engines.
