

1501 Wheel Dumper

The multi-talent in mini-format

The twin-lock 4-wheel drive system makes the 1501 a perfect partner for uneven or steep terrain. The articulated pendulum joint adapts to all uneven terrain providing the necessary stability. The high tip skip, equipped as standard, as well as the optionally available swivel tip skip, ensure that no requirements for use are overlooked. A fold-down roll over protection system and the small dimensions make it convenient to transport. The optional reverse alarm, rotating beacon and outside review mirrors enhance safety. Wide leg protection, the fold-down roll-over protection system and the large control station provide safer and intuitive operation.
