

BOB5

Batteries of the BOB series

High-performance for operating battery-powered devices.

The BOB-series' lithium-ion batteries have been specially developed for the operation of battery-powered, electrical construction equipment. They are particularly robust and powerful, and are therefore suited to demanding application on the construction site.

Highlights

- BatteryOne battery system
- Long running time with one battery charge
- Wide range of applications
- Systainer transport box
- Sturdy and durable
- BatteryOne app

Technical Data

■ Electrical - Output Details

Nominal voltage	51.0 V
-----------------	--------

Range APS2050e 335 m2

Range AS62e 155.0 m

■ Electrical System

Range AS30e	275.0 m
-------------	---------

Range AS68e 120.0 m

Range AP1840e	302 m2
---------------	--------

Load time 100% BOC13 50.0 min

Range AP1850e	315 m2
---------------	--------

Load time 80% BOC13 35.0 min

Range APS1030e	200 m2
----------------	--------

Load time 100% BOC7 90.0 min

Range APS1135e	250 m2
----------------	--------

Load time 80% BOC7 70.0 min
